### **Make an impact in your village**

There are lots of ways to get involved and make an important contribution to village life. The Parish Council makes important decisions for the village and represents the community on a number of matters including:

- **Planning** - reviewing and responding to planning applications, seeking the village's views on larger developments and brokering consultations with developers.
- **Traffic** and Road Safety - Designing solutions to deal with the issues of traffic in the village
- **Environmental** - Pursuing actions that will improve the environment in and around the village
- **Recreation** - Managing and maintaining public spaces such as the play area, field and bike track at The Pit
- **Community Safety** - working with the local police to support community safety work, and many more areas of interest.

### **What we can offer**

- Support in delivering the projects you'd like to see in the village
- Experience in working as a strong team of fellow councillors
- You will see the positive changes you have been part of in the village
