

Annual Report Village Assistant

A few observations.

Have not seen any fishing at Pit this year.

3 of the seats on Play area are in need of cleaning and staining.

Lack of equipment for most of year did not deter visitors.

The erection of goal posts and the Sports Club mowing of grass has resulted in an improvement to the area.

The repositioning of wooden stumps and removal of barrier has provided more car parking spaces.

Village Green

New seat on Green would benefit from a darker stain.

Bag of large cobbles still in Pump House.

Telephone box needs coat of paint.

Litter

Obviously fewer masks since restrictions lifted.

Seat opposite shop and surrounds.

Seat down by Pit opposite Little Mere entrance.

20-yard radius round goal post on Playing field.

Nitrous oxide capsules strewn around play area on occasions.

Number of cigarettes ends outside Plough Lane school entrance/exit.

Despite all above comments in general things have improved in recent years.
