

7<sup>th</sup> June 2022

Dear Councillors

Public Consultation: Christleton High School's internal reconfiguration of school building and new teaching block

As you know, our school operates from a single campus and due to both its excellent reputation and the significant housing developments that have taken place in the catchment area, we have experienced steady growth in demand for student places for a number of years. Currently, our facilities are overcrowded, which hinders both day to day operations and curriculum delivery.

We are writing to seek your views regarding our proposal to change the internal configuration of Christleton High School building in order to formalise the temporary Published Admission Number (PAN), under which we currently operate, thus contributing towards solving the challenges brought up by our overcrowded teaching spaces. There will be no increase to the current admissions number which has been in place since 2017.

It includes several discrete elements, as follows:

- Building of a 12m x 24m two-storey extension, attached to our existing Art and Science block, which will contain three classrooms and a study, social and pastoral care space
- Re-designation of the Sixth Form and Main School Catering areas
- Re-designation and relocation of the Sixth Form study areas

We expect that the entire work will take approximately 25 weeks, with completion predicted for April 2023. All capital costs related to the project will be funded by the Local Authority. We will also do all that we can to ensure that disruption to the school and the local community during the building works will be kept to a minimum.

We value the views and opinions of the community we serve. For this reason, we would be grateful if you could please answer the questions contained in the survey below.

The consultation will run from week beginning Monday 6<sup>th</sup> June 2022 to Monday 4<sup>th</sup> July 2022, during which time:

- We will be running a face-to-face event at Christleton High School on Wednesday 15<sup>th</sup> June 2022, 16:00-18:00.
- We will also run an online Q&A session via Zoom on the morning of Thursday 23<sup>rd</sup> June - further details to follow.

To attend either event, please express your interest by completing this [very brief form](#).

This will be an opportunity to meet members of the School Leadership Team and ask any questions you may have. Further information will be made available prior to the events.

To share your views on the build, you can also complete our: [online survey](#)

Yours sincerely

Paul Heath  
Chair of Governors
