

LITTLE HEATH PLAY AREA

Renewed | Extended | Inclusive

What's New?

The proposals extend the existing play area outwards and into the park.

In addition to the recently installed swings, the proposed equipment will include a zip wire cantilever swing, inclusive roundabout and a climbing unit.

Who is it for?

We asked pupils from local schools what they wanted to see, and their requests have been incorporated into the proposals, including accessible and inclusive equipment. The proposals include outdoor gym equipment for adults and older children. See overleaf for a list of additions.

Footpath trail

A new surfaced network encircles the park, with even surfaces for wheelchairs and prams.

Support our new Play Area

Help us to to successfully apply for funding for the new play area by pledging your support or giving feedback by emailing christletonplayarea@christleton-pc.gov.uk or writing to the Parish Clerk, 6 Chiltern Close, Chester, CH4 7QZ.

The proposals aim to maximise the full potential of the park for play, sport, health and wellbeing, ecology and inclusivity. We aim to make the park available to a wider age group and to all abilities. You can see some details of the proposals overleaf. The existing central open space will be retained for formal and informal activities, and community events.
