As most of the members of the public were in attendance to voice their concerns with the plans for the play area, particularly by residents adjacent to the play area and of the Alms Houses, who are most affected by the proposal, this item was brought forward. They requested that the project would not be taken any further until those concerns have been addressed. The concerns are related to access to Little Heath, to the location of the new equipment, parking, safety issues and anti-social behaviour.

The Parish Council noted that a member of the Working Group had visited the spokesperson before Christmas 2022 making him aware of the plans and he did not raise any objections at
